the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999). The prevalence of mental health problems in the UK is estimated to be 10% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems. The Department of Health (1999) has published a strategy for mental health care, which aims to improve the lives of people with mental health problems and to reduce the burden of mental illness on society.

The strategy is based on three main principles: (1) to improve the lives of people with mental health problems; (2) to reduce the burden of mental illness on society; and (3) to ensure that people with mental health problems are treated fairly and with dignity.

The strategy is based on the following assumptions: (1) that people with mental health problems are individuals with unique experiences and needs; (2) that people with mental health problems are entitled to the same rights and opportunities as everyone else; and (3) that people with mental health problems are capable of making choices about their own lives.

The strategy is based on the following objectives: (1) to improve the lives of people with mental health problems; (2) to reduce the burden of mental illness on society; and (3) to ensure that people with mental health problems are treated fairly and with dignity.

In Memoriam

Dave W. Miller, Jr.

A star brightly shining in the distant sky;
he shall be visible forever.

When we gaze into the night,
his memory shall fill our minds
and make us smile.

Remembering his summer mowing
and his gifted hands,
holding them in our hearts.

We'll go through our lives
looking into the night
hoping that now he is free.

We'll miss you Dave.

JoAnn Jenkins

We regret that JoAnn's picture is not in the Senior Section of our yearbook. Her picture was nowhere to be found when it was time to assemble that segment of our annual publication.

We feel confident that she will tolerate our freakish omission. Please accept our apology. Thank you.

Regretfully yours,
The Executives of the Chaos

This year Kathy Caldwell went to Japan as our foreign exchange student. We wish her the best of luck.
